***Kiasma Hits*: Exhibition presents 'hits' of contemporary art from Kiasma collections**

The exhibition presents new acquisitions and compares them with all-time 'hits' from Kiasma's collections. The past and the present of both Finnish and international contemporary art merge through the art works. The exhibition looks at the collections as a whole, spanning the period from the 1960s to the very latest acquisitions. It is a journey from the visual vocabulary of Modernism to interactive and bodily experiences in which the viewer's own presence and participation makes the work of art complete.

Among the artists are Giovanni Anselmo, Ebba Bohlin, Petah Coyne, Jacob Dahlgren, Vladislav Delay, Brad Downey, Walter De Maria, Tommi Grönlund & Petteri Nisunen, Markus Heikkerö, Alma Heikkilä, Timo Heino, Mikko Hintz, Olav Christopher Jenssen, Donald Judd, Yves Klein, Hilda Kozári, Matti Kujasalo, Esa Laurema, Ange Leccia, Frank Stella, Iu Susiraja, Marianna Uutinen, Roi Vaara, and Lea Whittington.
